

TRIAL DATA SHEET

Gouldings Enhanced Nitrogen v nitrate

Objective: Crop yield comparison between different N sources

Crop: Spring Barley

Location: 5 trial sites

Date: 2012 to 2015

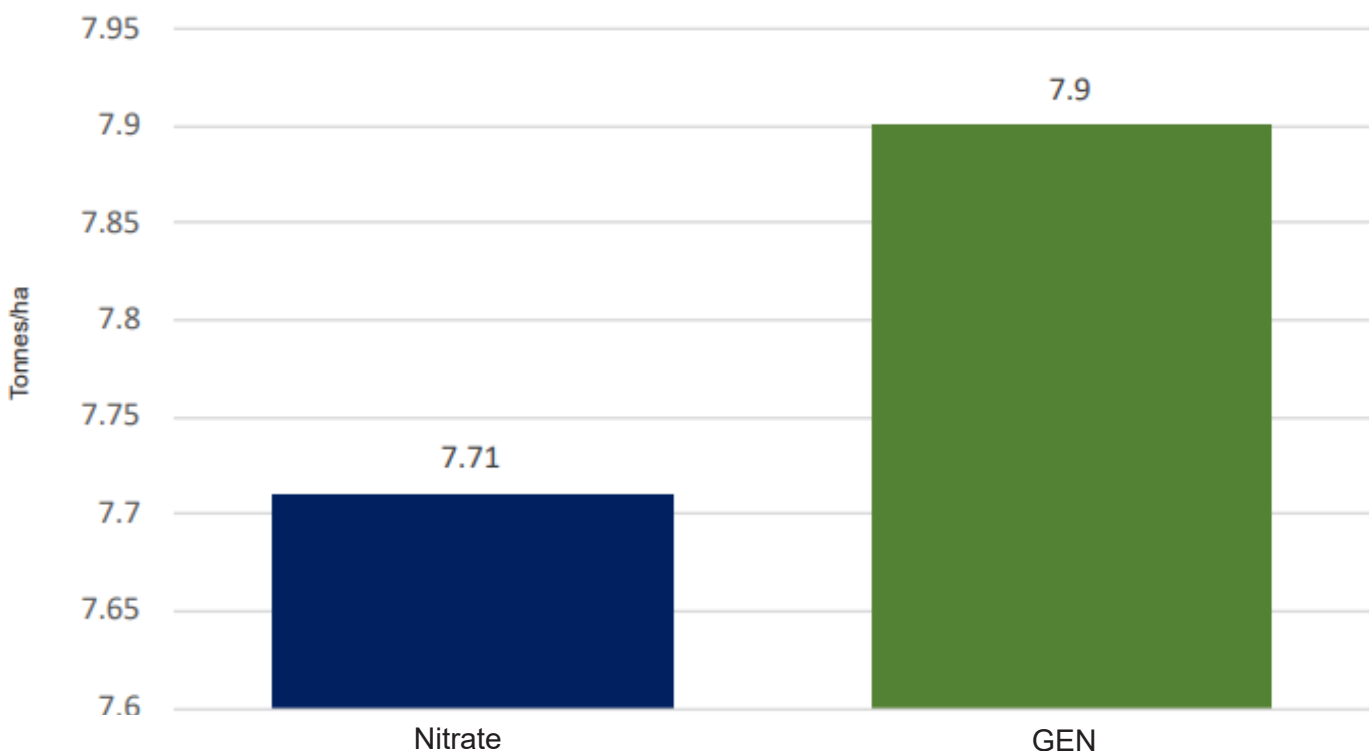

Researcher: Various independent trials contractors

Trial code: 12521, 13153, 14742, 14831 and 15362

Results:

N-types on 5 trial sites Spring Barley comparing Goulding Enhanced Nitrogen against nitrate

Conclusions:

- ✓ GEN out performed nitrate in 4 of the 5 trials
